

## RELIGIOUS SERVICES SURVEY

**Summary Results:** The TRA membership was surveyed on whether religious or spiritual services are provided at their track. In addition, whether they have a track chaplain, his or her registration with the RCA, and services for other denominations. Of the 21 responding tracks, 15 (71%) provide on-track religious services. Of those 15, a vast majority (14;93%) have a track chaplain. Most chaplains (86%) at those tracks are registered with the Racetrack Chaplaincy of America. Only two of the 14 tracks with chaplains require they be registered with the RCA.

With regard to other denominations, four (27%) of the 15 tracks with services indicated only Catholic or Christian based faiths have services. For most tracks (80%), the RCA chaplain performs 1-2 services per week and one for other denominations, with some exceptions. Two tracks indicated 5-6 chaplain services weekly. There were six responding tracks that do not have religious services on their grounds. Individual survey responses are below in table format.

| Track            | On-Track Religious Services | Track Chaplain |                 |               | Denom. Specific Services | Other Denoms.       | Services per Week                   | Additional Information  |
|------------------|-----------------------------|----------------|-----------------|---------------|--------------------------|---------------------|-------------------------------------|---|
|                  |                             | Have one?      | RCA Registered? | RCA Required? |                          |                     |                                     |   |
